Announcement

In presenting you this catalogue, we take real pleasure in extending a cordial invitation to all interested in good Shorthorns, to attend our sale on May 27, 1947, at Marshalltown, Iowa. In this offering we are submitting cattle for your inspection and approval that we believe will meet all requirements of the modern type Shorthorn. All cattle will be presented in good useful breeding condition and will include some of the best that we have ever consented to part with. We are retaining members of nearly every family in our herd that are cataloged for this sale. When I founded my herd 40 years ago, I had but one type in mind, and that type proved to be the present day type of the modern Shorthorn of today. My foundation herd was selected from the herds of the most popular breeders of those years, and always headed by bulls of ideal type and choicest blood lines. Six of the bulls used in our herd were either sons or grandsons of State Fair and International Grand Champions. Two sons of our once noted bull, Double Dale sired the Grand Champion load of feeder calves at National Western Stock Show held in Denver, Colo., shown by Carnaham Bros., of Albert, Colo., and the following year calves by the same two bulls sired the reserve champions at same show that in turn outsold the grand champion Herefords by \$12.00 per hundred.

Trusting you will study the photos, and pleasing bloodlines contained in this catalog. We sincerely hope you will honor us with your presence sale day, whether you come to buy or not. We feel confident that our offering will please you.

Sincerely yours,
A. R. FENNERN & SONS
Garrison, Iowa.

Hayland's Thistle (For Reference)

Hayland's Thistle—One of the best breeding bulls we ever used, being low-set, deep-bodied, thick fleshed, and smooth. He displayed lots of character, and transmitted his own good qualities to both bull and heifer calves alike. Stuart Brown of Haylands Farm, his breeder, thought enough of him that he offered us \$500 to lease him for three months for service in his own herd but we could not spare him at that time. Be sure to look up his daughters that are listed in this catalog, you will like their type and quality.

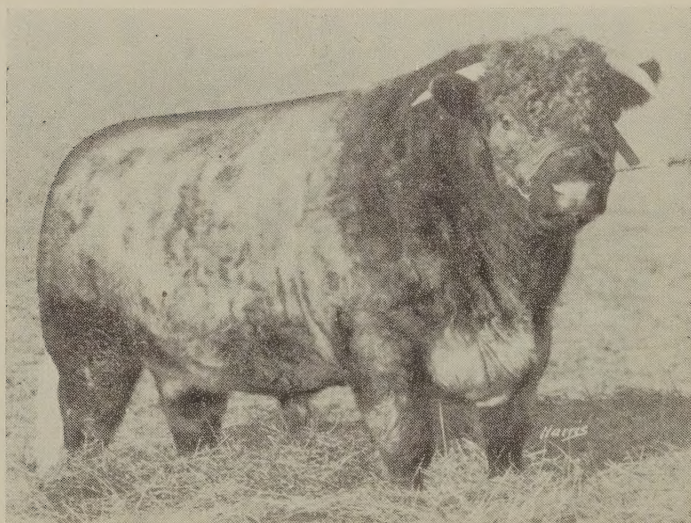

Alauna Radianee (For Reference)

Alauna Radianee—A dark red, thick fleshed, deep bodied bull that proved an outstanding sire in our herd. He was full brother to Elvira Rose whose photo appears in this catalog, and one of the very best modern type cows of the breed. We are listing some very choice young cows sired by him. Catalog shows photo of group of calves and top selling and champion bull Radianee Red Star sired by him and sold at Marshalltown in 1944.

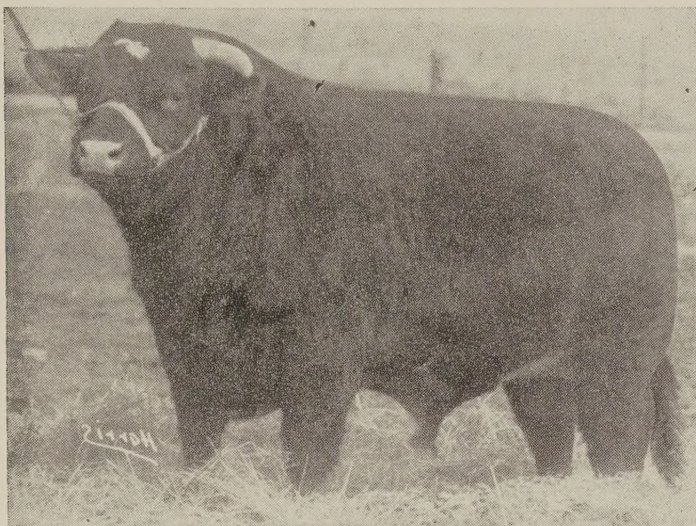

Ringleader's Count (For Reference)

Ringleader's Count—A dark red, one of the shortest legged, thickset, deepest bodied and smoothest bulls we ever owned, with the head of a real breeding bull. We are listing 5 bulls and 6 of his heifers in this sale. All are of outstanding type and quality. Don't fail to look them over, I know they will please you.

Thistle Again (For Reference)

Thistle Again—Owned and used for a number of years by A. H. Fennern, Vinton, Iowa. Proved a sire of good, rugged, easy feeding calves, a number of which topped their class at the Benton County Fair. Lots 5-6-and 7 are sired by him in this sale. Check them over.

Superior Browndale (For Reference)

Superior Browndale—A nice red, of correct type, being deep bodied, thick fleshed, and very smooth, with a head that denotes breed character. His sire, Browndale Alliance, a grandson of Sultan Browndale, proved an outstanding good breeding bull. We have some extra choice heifers in our herd sired by him. Dam of Superior Browndale is Elvira Rose, whose photo appears in catalog. Study this picture and you will agree that she is a wonderful good cow. She is also dam Accent's Brownadle that heads Edw. Fennern's herd. There will be 8 or 9 calves by Superior Browndale that sell with their dams. They are indeed a nice uniform lot of calves. This bull will be at Marshalltown sale day.

Elvira Rose

The dam of Accent's Browndale, Superior Browndale, full sister of Alauna Radiance, and grand-dam of Goldfinder's Tin-Type. Very few cows her equal can be found in any herd. Few breeders ever have a chance to own or even see the dam of their herd bull, hence many disappointments when the calves arrive. We consider the dam's side of our herd bull as equally important as the sire.

SHORTHORN STEERS made a clean sweep of the *GRAND AND RESERVE GRAND CHAMPIONSHIPS* over 1,425 head of all breeds at the 1946 Chicago International Livestock Show. They went on to win the champion three-steer and get-of-sire groups over all breeds for the first time in the 47-year history of the International, when one breed monopolized single and group championships. The Grand Champion later sold at a new all-time record for the Chicago International of \$10.50 a lb. to total \$14,490 to the Firestone Tire and Rubber Co., Akron, Ohio. He immediately began a 22,000 mile educational tour of the country in a \$12,000 specially constructed trailer. Watch for notice of these exhibitions in your territory. (The Shorthorn steer,

Tomahawk, was Grand Champion of the 1945 Chicago Fat Stock Show and set the then International record of \$10 a lb.)

Shown above (left) is the Grand Champion, ROYAL JUPITER; (right) the Reserve Grand Champion, WYOMING CHALLENGER STANDARD; and (below), the winning three-steer group including the reserve grand champion.

These steers demonstrate the well-established Shorthorn profit characteristics combining greater weight with modern type and choice quality conformation. The Grand Champion steer weighed 1,380 lbs. at 22 months of age. *Extra pounds produce extra profits. REMEMBER—Shorthorns, Best in Every WEIGH!*
